## SES Placing Students

Phyllis Howard, Executive Director of the Student Employment Service, reports that during the month of June 19 job openings were placed with SES by Seaside employers for student help.

However, 59 Seaside students were placed in summer employment, which indicates that jobs in other communities were made available to them.

There are 250 Seaside students who applied for summer work who are not working. These students do not meet the disadvantaged economic criteria, but they do need and want summer employment.

Miss Howard is appealing to Seaside employers. There is no job too big or too small. Please, may we have your help.

## Local Scouts Are Going To Jamboree

A delegation of Boy Scouts and Explorers from the Monterey Bay Area Council will be accompanied by three adults on a trip that will take them to the 13th Boy Scout World Jamboree which will be held at the foot of scenic Mount Fuji in Japan.

Frank Masamori of Santa Cruz will be scoutmaster of the contingent.

Bruce Deane and Kevin Kenoyer of Seaside will be among the scouts taking the trip. Others going to Japan are Henry Blase, Russell Cummings, John Emswiler and Warren Saroni, all of Santa Cruz. Russell Grove and David Lehmann from Salinas; Michael Bland and Ronald Signorotti from Greenfield; Glenn Crow and Robert Kronkhyte from King City; Timothy Bell of Monterey; Eric Garrison, Peble Beach and Rodney Wilkinson, Carmel.

They will join over 20,000 other scouts from 97 nations at the Jamboree which will be held August 2 through 10. Besides attending the one week Jamboree, the local group will tour Japan and will be gone for 20 days.

The group will leave from Japan Airlines section of the San Francisco International Airport on July 29.

The Jamboree campsite is an 800 acre area 120 miles west of Tokyo at the western base of snow-capped Mount Fuji. The site is known as Asagiri Heights. American scouts will live in a tent city and their next door neighbors could be scouts from any of the 97 participating countries.

At the event, the American

## Commission Grants Three New Permits

Three new businesses in Seaside were granted use permits by the Planning Commission. The new merchants will be the People's Part House, 1563 Del Monte Boulevard, a laundry-dry cleaning drive-in service and the Broadway Flea Market.

No dismantling of automobiles will take place on the property of the parts store, according to applicant Brady Avery. The parts, which will be guaranteed used parts for older cars, will already be dismantled when sold in the store.

John Denver, who applied for the permit for the flea market, told the commission that his store will not be just a resale shop. He said his store would include a number of entrepreneurs selling antiques, clothing, imported items and craft items.

Use permits were also granted to Muhammad's Mosque for an office and social hall, to be located at 1484 Fremont Boulevard, and to the Assembly of God Church for a parking lot and church related facilities. These will be located at 1184 Hilby Avenue.

In other action, the commission denied a use permit for off-sale beer and wine at Fumi's grocery store, 1546 Sonoma Street. The permit was denied after the commission heard objections from residents of the area. A petition containing 52 signatures of persons opposed to the sale of alcoholic beverages was also presented to the commission.

contingent will participate in a variety of activities designed to carry out the theme "For Understanding." They will be in a mammoth parade in Tokyo on parade in skill and Scoutcraft contests and demonstrations and act in international arena shows featuring national costumes, music, dancing and pageants.

A special evening of traditional Japanese entertainment will be staged by the Boy Scouts of Japan.

Opportunities to meet and swap souvenirs with brother scouts will be provided at exchange meals, special events and a variety of recreational activities.

Under the direction of Judson T. Stull, local council Jamboree committee chairman, the local group has been making plans for over one year preparing for the big event, interviewing boy candidates and taking care of other arrangements.

Local scouts working with the National Council of the Boy Scouts of America are Frank Peterson from Chualar, who is chairman of the National Service troops. Bob Moger of Salinas is scoutmaster of a service troop.

## New Council Takes Over

Despite an eleventh hour attempt to delay the seating of the newly-elected city council members, the three councilmen, who were defeated in the June 29 recall, gave up their seats.

Mrs. Billie Barton, Joseph Cota and Glenn Olea replaced Mrs. Pearl Carey, Oliver Murray and Gerald McGrath on the council.

When it was time at the 8 o'clock monthly meeting for the old council to adopt a resolution to canvass the election results and certify the winners, Mrs. Carey moved that the resolution be tabled pending court action. She has already filed two unsuccessful law suits in connection with the recall and she said that she has further action in mind.

That motion to delay the resolution was promptly seconded by McGrath. However, interim city attorney, Myron Haas, ruled that the state law does not allow the council that action. He said that the law states that the council shall pass the resolution declaring the results of the election.

Following Haas' explanation of the law, Councilman Stephen Ross, the sole survivor of the recall, proposed that the resolution be passed. Mayor Lou Haddad seconded the motion. Mrs. Carey and McGrath abstained from voting, but Murray reluctantly voted yes.

Before turning over their seats, the old council members finally reached unanimity in a vote. After a year of almost exclusively 4-1 votes, with Mayor Haddad dissenting, the council voted unanimously to pay the chamber of commerce only half of its most recent quarterly bill.

Gerald McGrath introduced the measure to pay only \$450 of the \$900 bill. He argued that since chamber manager Art Bayer resigned in May, only one person has been in the office to answer phone calls and letters from visitors and business firms. Since they were providing only half the force and, presumably, half the services, McGrath argued, they should only be paid half the bill.

The mayor supported the proposal, he explained, because he had recently called the chamber office twice on the same day and received no answer.

B. J. Dolan, Jr., president of the Seaside Citizens for Good Government was the only speaker at the meeting.

He said that his group, which circulated the recall petitions, would remain active. He wished the council good luck and expressed the hope that they could bring unity and harmony to Seaside.

Following the general meeting, the council had a closed personnel session. They named Reb, J. Lee Milton, pastor of the Assembly of God Church, to succeed Cota on the redevelopment agency and Ted Cunningham to take Olea's seat on the planning commission.

## Tax Exam Announced

A special enrollment examination will be held on September 27 and 28, 1971, for tax practitioners and others who wish to qualify to represent their clients before the Internal Revenue Service.

Tax practitioners who are not certified public accountants or attorneys must pass this examination before they can represent clients before the IRS.

R. F. Harless, District Director of Internal Revenue Service for Northern California, emphasized that the right to represent clients in tax and other matters before the IRS is limited to persons who meet the highest standards of technical proficiency and ethical conduct.

The application form and detailed information is available from the Internal Revenue Service District office, Attention: Miss F. Regan, Enrollment Clerk, Room 1002, 450 Golden Gate Ave., San Francisco, California 94102, telephone 415-556-0344.

Applications, accompanied by a check or money order for \$25 payable to the Internal Revenue Service, should be sent by August 31, to the Director, Audit Division, Internal Revenue Service, Washington, D. C. 20224, Attention: CPA/TSEE.

BOARD MEMBERS--Shown, announcing formation of Seaside Business Association are (from left) Tom Handley of H & H Supply, Ed Weiner of Del Rey Supply and Ira Nagle of MBS Department Store. Weiner, temporary chairman of organization, pointed out that initial meeting of group was sensational with 39 businessmen attending. He asserted need of business community for such organization to help Seaside businessmen. (See story)

## Residents Oppose Rezoning

Seaside's Planning Commission heard strong opposition to a proposed plan to rezone property adjacent to the Meadowbrook Tennis Club from R-2 (duplex apartment) to R-3 (limited multiple housing).

Residents living in the area of the property which is located at 1588 Hilby Avenue, told the commission of their opposition.

The property is owned by Russell Hoss, executive director of the Seaside redevelopment agency.

After Hoss told the commission that he had already invested more than \$6,000 in architect's plans for development of the property along the R-3 lines, the neighbors told of their objection to the increased density of the area.

Mrs. John Banks, who lives at 1556 Hilby, said "We don't care about the money you have invested. We are talking about our homes. You can use your property for duplexes if you want."

Other objections were heard concerning the increase of traffic, population density and inadequate sewage facilities for an influx of new residents. All this would add up, they argued, to a decrease in property value.

Planning commissioner William Burris asked that the commission table action on the proposal until the city

council could be asked if an extension of Yosemite Avenue into the area would take place. This has been under consideration by the city since March, 1969 when it was presented with a new street plan.

If the plan is adopted, Yosemite, which now dead-ends at Hilby, would be extended south directly past the 1800 block.

Adeline DiLorenzo, Seaside real estate agent, asked if this development would include paying for the costs of curbs, gutters and sidewalks for a Yosemite extension. She

also asked how many units the rezoning would allow and whether or not the city would pay higher cost for the right-of-way with rezoning.

Hoss insisted that he would pay a fair share of the street improvements because the extension of Yosemite is in his interest.

Burris answered Mrs. DiLorenzo's question about the number of units. He said that with an R-3, the area would allow for 21 or 22 units. Presently it allows about 14 or 16.

## Water Suit Dismissed

A suit claiming that sewage from Fort Ord was polluting Monterey Bay was dismissed by state Attorney General Evelle Younger. The suit, filed against Major General Phillip Davidson, former commanding general of the base, was pending in federal district court.

Filed by the state at the request of the California Regional Water Quality Control Board in March, 1970, the suit asked for injunctive and monetary relief against Fort Ord.

At the request of the water quality board, Younger dismissed the suit. The Army installation and the board are currently negotiating for Fort Ord to enter into a regional sewage collection system.

According to the board, dismissal of the suit would help further successful negotiations for the disposal plan. The system would lead to an ocean outfall off Point Pinos in Pacific Grove or into local reclamation facilities.

## Publisher's Report

### Seaside Ripples

A. E. 'Andy' Barragan, Publisher

"My brothers, seek counsel of one another, for therein lies the way out of error and futile repentance. The wisdom of the many is your shield against tyranny. For when we turn to one another for counsel we reduce the number of our enemies." This is a quotation from "The Voice Of The Master" by Kahlil Gibran.

"My friend, be not like him who sits by his fireside and watches the fire go out, then blows vainly on the ashes. Do not give up hope or yield to despair because of that which is past, for to bewail the irretrievable is the worst of human frailties." This is from Gibran's most famous work, "The Prophet."

I attended the organizational meeting last week of the Seaside Businessmen's Association and when I started to write about it these two passages from my favorite philosopher came to mind. They seemed to fit the situation in which we find ourselves today in Seaside.

The luncheon meeting was successful in all respects. Thirty-nine businessmen, representing a wide cross-section of our business community, were on hand. Ed Weiner of Del Rey Supply acted as temporary chairman and here-reported how a few businessmen had met two weeks previously to discuss the formation of such an association. He suggested that we model our association after the one which has existed in Carmel for several years. Their organization has a membership of 700 businessmen.

The most important part of the report from Weiner were the objectives of the new organi-

## Visitors at Castle Increase

For the second year in a row, visitors at Hearst San Simeon State Historical Monument numbered over 600,000, according to William Penn Mott, Jr., Director of the California Department of Parks and Recreation.

Mott said the actual number of visitors was 636,529 for the period July 1, 1970 through June 30, 1971. This was about 2-1/2 percent above the previous year's 621,310.

Only two years ago the castle topped the 500,000 visitor mark for the first time.

The monument is located in the Santa Lucia Mountains of San Luis Obispo County on a coastal knoll overlooking the sea. Its 123 acres of gardens, terraces, pools and palatial guest houses create the setting for the 137-foot-high castle.

Describing the history of the castle, Mott said it was built by the late William Randolph Hearst and served as his family home from 1922 until his death in 1951.

"Hearst has extensive mining and ranching interests and was head of a vast publishing empire that at one time included 30 newspapers, 15 magazines, six radio stations and a number of film companies."

In 1958, with the approval of the Hearst family, the Hearst Corporation gave the castle to the State of California with the understanding that it be preserved as a memorial to Hearst and his mother, Phoebe Apperson Hearst.

Since opened to the public in 1958, 5,363,978 visitors have toured the castle, or "ranch", as Hearst called it, hosted movie stars, journalists, financiers and leaders from all over the world.

Visitors wishing to see the castle are offered three different tours. Tour 1 takes in the ground and lower level of the mansion; Tour 2 covers the upper levels and Tour 3 extends through the north guest wing. Each tour takes about two hours.

Tickets for Tours 1 and 3 are \$3.00 for adults and \$1.50 for children 6 through 12. Tour 2 tickets are \$4 for adults and

"We listen. We care. We're free. 24 hrs. Suicide Prevention Center call 373-0713."

\$2 for children 6 through 12. Reservations for Hearst Castle tours can be made up to 60 days in advance at any of the 230 Ticketron terminals located throughout the State, or by mail at the Department of Parks and Recreation, P.O. Box 2390, Sacramento, 95811. Tour tickets also are sold at the castle on a first-come first-served basis, but the Department recommends that reservations be made, especially during the busy summer season. There is a 35¢-per-ticket charge for making a reservation.

## Seaside Ripples

continued from page 1

zation. They are:

1. To create an atmosphere in Seaside conducive to increasing sales.
2. To articulate the needs of the businessman to the city's governing bodies.
3. To help promote a politically stable atmosphere in Seaside.
4. To get all business and professional people involved in Seaside's future.
5. To support legislation and candidates favorable to the business community.

There was lively discussion of the above points from the floor. One of the objections was that the association shouldn't support candidates in elections. But, it was pointed out that without any political strength the city fathers would not listen. It was also pointed out that one of the failings of the Chamber of Commerce in that they were subsidized by the city and could not under their rules support candidates. The majority of those present seemed to agree with the principles as outlined and voted to organize such an association under those guidelines.

I go along wholeheartedly and enthusiastically with the formation of this new group. There are a myriad of suggestions that could come from such a wide representation of businessmen. For example, there should be a serious discussion of the effect of the fourth of July Parade. Many businessmen complained that they lost thousands of dollars in gross business because of the Parade being held on Saturday—just after payday. Fremont Boulevard was closed for many hours and shoppers could not get to the stores for hours before the parade started and, of course, could not get in during the Parade. I have heard many suggestions on how to keep the parade and still have it benefit the business community. I have also heard suggestions that we should eliminate the Parade completely. These points should be discussed thoroughly and a solution found.

Another suggestion that came out of the meeting was that the City should put in a new system of street lighting so that there would be assurances of safety and, therefore, more night shopping hours.

A suggestion came from Pat Patrick of Super Save Market the day after the meeting that a system of reporting bad checks could be instituted so that each merchant would have access to a list of the bad check passers each week.

These are just a few of the ideas that such a group of businessmen could work on. However, as important as the suggestions are for creating a better business climate in Seaside, the most important aspect of this and future meetings is that they show that there is a feeling of the need for unity in the community. The business community suffered during the recall election with the indecision that was forced on the governing bodies of our city. There will always be differences of opinion and there should be. But this should not be to the point that those differences are used to paralyze the entire operation of a city.

As Gibran so wisely points out, "Let us seek counsel of our brother for when we do we reduce the number of our enemies" and let's not sit by the fireside and blow upon dead ashes. Let's all work for a glorious future for the City Of Seaside.

## Your Social Security

Q: I worked for a railroad from 1952 to 1958 and then went to work in a job covered by the Social Security Act. I don't think I will ever go back to railroad work. When I reach retirement age, will I be entitled to a railroad retirement annuity?

A: No. If you have less than 10 years (120 months) of creditable railroad service when you retire, you cannot qualify for a railroad retirement annuity. When you retire, your railroad credits after 1936 will be transferred to the Social Security Administration and any retirement benefits to which you may become entitled under the Social Security Act will be based on your railroad and social security employment combined.

Q: Suppose I do apply for Medicare at age 65, and have my benefit amount set at a certain level, but keep on earning high wages. When I finally retire completely, will my benefit still be the amount that was set up at age 65?

A: No. Your benefit amount may be refigured to include earnings after age 65, and if these earnings are high enough, it may be increased.

Q: I am receiving social security benefits. I am a widow of a World War I veteran. Am I entitled to a pension from the Veterans Administration? A: You should contact the nearest Veterans Administration office to determine if you are eligible for a pension. Although this pension has nothing to do with social security benefits the amount of your social security check will be taken into consideration in determining your eligibility for a veterans pension.

Q: I am retired and receive monthly Social Security benefits, but I work part time delivering small orders for a printing firm. I understand I must report if my gross earnings before tax home pay goes over \$1,680 in a year, but I don't know when

to submit this information. A: If you earned more than \$1,680 in the total 12 months of calendar year 1970, the deadline for filing an annual report is April 15, 1971. A person who does not file by April 15 may lose additional Social Security benefits. Filing your Federal Income Tax Return does not take the place of this report for Social Security purposes. Be prepared to furnish gross earnings and the months you did not earn more than \$140 or do substantial work in self-employment. If you are not certain of the months you earned less than \$140, contact your employer for the information. This year we aren't automatically sending out report forms as in former years. An annual report of earnings, we annual report of earnings, with instructions on completing the form, will be available at your local Social Security office. Incidentally when we talk about earnings, we do not include retirement income, rental income, dividends or interest. Only income from working counts in applying the work test.

Q: Is there any restriction on how long you can delay before filing a claim for Medicare? A: Yes, there is. Medical expenses incurred between October 1st of one year and September 30th of the next year, must be claimed no later than December 31st of the following year. For example, expenses from October 1, 1968, through September 30, 1969, must be claimed with Medicare no later than December 31, 1970.

Q: Suppose I am too sick to visit a Social Security office in person? I get these terrible attacks of arthritis from time to time. A: Just call, or write your Social Security office to arrange for a Social Security representative to come to your home -- or even to the hospital.

## Letters To The Editor

Editor: From the depths of my heart I thank all citizens of Seaside for their support in the recent recall election. I want to thank the many people who did not know me personally, but believed in my philosophy. I want to thank those who were not able to vote, but worked and prayed for our success. I want to thank those who got on their crutches and went to the polls. In some cases these people found that they were no longer on the registrar's list.

It is extremely gratifying to have an expression of broad support throughout the city without regard to race, creed, color or political party.

I want to especially thank the pastor and members of Bethel Baptist Church, Ocean View Baptist Church, Emanuel Church of God and Christ, Victory Temple of God and Christ and all the other churches in Seaside for their support.

Special thanks go to the members of our committee, especially Rev. G.E. Ellis, Richard Joyce, Mrs. Sarah Jackson, Mr. and Mrs. Walter Brown, Mrs. Willie Story and others who worked so hard day and night for the success of the campaign.

To my colleagues who are leaving office, I will always have a special place in my heart for our labor together and the dedicated efforts that you have given to our city—in your own way—to help make it better. I want to congratulate each newly elected councilman. I look forward to a friendly working relationship with all members of the council. May God smile upon each of you (every individual in Seaside) as we face the future together.

Stephen Ross  
Seaside Councilman.

## Questions and Answers

Q -- The VA guarantees 30 percent of a loan for a mobile home. If a veteran pays off the loan and desires to buy a conventional home, how much guaranty is available?

A -- Under the provisions of the Veterans' Housing Act of 1970, if the original mobile home loan is paid in full, a veteran is entitled to the full home loan guaranty of \$12,500.

Q -- My first husband was killed in action during World War II. I remarried in 1950, and my payments from the VA were terminated. My second husband died in 1960. I am receiving a small pension from the VA, based on his non-service-connected death. Can the VA pay me anything on my first husband's service, now that I am a widow?

A -- Legislation effective January 1, 1971, permits the VA to again pay death payments on your first husband's death. VA cannot pay you for the death of both husbands, but you can elect to receive the larger payment. The minimum payment to a widow for a service-connected death is \$167 monthly. A greater amount may be payable, depending on the pay grade of your first husband. You should contact your VA office immediately.

Q: I'm a veteran and would like to purchase a mobile home. If I obtain a guaranteed mobile home loan through VA, can I later get a regular GI home loan?

A: Yes, after the mobile home loan has been paid in full, you will then have a full home loan guaranty entitlement available for a conventionally constructed house.

Q: I'm a veteran of World War II, and will soon reach my 65th birthday. Will I be entitled to a Veterans Administration pension?

A: You may be eligible for a pension from the VA at age 65 if your income from all other sources does not exceed \$2,300 a year if you are single, or \$3,500 a year if you have one or more dependants. A wife's income and the size of her estate are factors which must also be considered. For further information and assistance, check with your nearest VA office or your local Veterans County Service Officer.

Q: I am under 65 years of age and am receiving a disability pension through the VA as well as disability Social Security benefits. May I deduct my medical expenses from my income reportable for pension purposes? A: You should list the med-

ical expenses paid for the treatment of the disabilities which qualified you for Social Security disability benefits. The VA will deduct these expenses from your Social Security income.

Q: Are business loans available for post-Korean and Vietnam Era veterans under any VA program?

A: No. Business loans are not authorized by VA for these veterans. Like other citizens, they should contact the Small Business Administration.

Q: I attend school under the GI bill, and married after I started classes. Will I receive more money because I now have a wife?

A: In most instances your education allowance will be increased as a result of your marriage. To apply for these benefits, send the VA a copy of your marriage license, along with your VA claim number.

Q: I was discharged from the Army because of a leg injury, and accepted severance pay in a lump sum. Since I have been awarded disability compensation by the VA, can you tell me why I am not being paid?

A: Disability compensation for your leg injury will be withheld and applied against the amount of severance pay until the full amount is liquidated. After that, VA will start sending compensation checks if your disability is still rated 10 percent or more.

Q: If a veteran arranges for his National Service Life Insurance to be paid in a lump sum, may his beneficiary select another method of payment?

A: Yes. The NSLI beneficiary can have all or part of the insurance paid in monthly installments over a period of years, or for life.

## As I See It

By Mel Vercoe

Interviewed at her home in Central Gulch, Mrs. Fanny Broadbottom reiterated her intention to enter politics. The quiet, unassuming mop and broom sensation expressed definite opinions and will undoubtedly prove to be a major threat in coming elections.

"Why did you decide to enter politics, Mrs. Broadbottom?"

"Mainly on account of Harold. He's my husband, and you never heard anyone yak so much about politics. If all those politicians are as stupid as Harold says they are, then I've got a good chance of beating about half of them. Already our knitting group has promised to vote for me."

"That certainly sounds promising, Mrs. Broadbottom."

"Call me Fanny, if you like."

"Thank you, Fanny. What office do you intend to run for?"

"Oh, I haven't really decided. Maybe Governor, but I suppose President pays more. Just one thing, though—I if I elected President, what would they call Harold? Mrs. Nixon is First Lady—would Harold be First Husband or First Gentleman? Wow—imagine Harold being called a gentleman!"

"Maybe you could appoint Harold to a Presidential Advisory post. Or how about a nice ambassador job?"

"Now you're talking. Do we have any ambassadors in Africa?"

"Yes, several, and now, Fanny, what do you think of allowing communist China to enter the United Nations?"

"Oh, I don't see anything wrong with it, as long as they don't do a lot of vandalism. I've seen pictures of it, and it looks like a very large building."

"Do you think we should continue to support NATO?"

"Yes, if we quit supporting him now he might sell out to the Chinese, or is he that Italian fellow? The name

But the beneficiary cannot select a lump sum payment if the insured designated monthly payments.

Q: I was recently discharged from active duty and converted my Servicemen's Group Life Insurance. Am I eligible to apply for insurance from the VA?

A: Generally, no, unless you were separated from service on or after April 25, 1951, with a service-connected disability. Then you may apply to the VA for the special non-participating National Service Life Insurance. Such veterans must have been separated from service under other than dishonorable conditions, and be in good health except for any service-connected disability. Application must be made within a year from the date the VA notifies the veteran that a disability was rated as service-connected.

sounds Italian."

"What do you think of Mr. Nixon getting so friendly with the communist Chinese?"

"Oh, Harold was just talking about that last night. He says Mr. Nixon really had no choice. He says now that the war is going to end in spite of the President that our economy and our balance of trade deficit, whatever that is, is going to be so bad we'll have to trade with China to help keep things going until the 1972 election. Then, too, he says it's a move to try to split the Russians and Chinese still further to take some of the pressure off our defense."

"One more question, Mrs.

## Garden Column

By Russee Parvin  
DBA Parvins Nursery  
Kikuyu grass can be a major problem in a lawn or garden area. Kikuyugrass can be controlled by fumigation with Vapam.

Use one quart per 100 square feet. Put the Vapam into a sprinkler can and pour it directly on the root area. The soil around the root area should be moist, not wet, so the Vapam can penetrate. If the soil is dry or totally saturated, the fumigant can not find pores in the soil to enter and you will have poor results.

When using a fumigant be extremely careful not to let the chemical splash on your skin and do not walk on the affected area. Fumigants are very toxic and your feet or hands will swell, itch and redden.

After applying the Vapam, sprinkle the area to wash the fumigant in. It is best to cover the area to seal in the chemical and insure the area is evenly fumigated. Cover the area with a large tarp, preferably plastic and make it air tight. This insures a thorough kill of the obnoxious plant and also prevents walking on the poisoned area.

If there are other plants in the area, preventive measures must be taken to protect them. The fumigant can travel two to eight feet in soil, depending on the slope and the type of soil. To protect the plants in the immediate area dig a

trench between the fumigated area and the plants and fill it with water. The chemical can not pass through water. This process can be used to eliminate any problem grass, weeds, bugs or disease. Most nurseries carry fumigants.

## What Is Mind?

by Arleen M. Pittcock  
Church of Religious Science

**MIND:** What is it? Ernest Holmes, the founder of Religious Science, says the Mind is all there is and that everything is an extension of that Mind. One Mind. Where is it? Everywhere present. That's why there is only One-permeating in, through and around all there is. This Allness is Life. Therefore all of Life is a part of the One Mind (God, if you will) and this includes you! You are a part of all that God is. You are an expression of the Infinite, individualizing itself in a finite way.

Mind created body. Mind needs body in order for it to express. You are not your body, your body is in Mind. In your awareness of yourself and your existence, your body is an expression of your thoughts and ideas about yourself. "As a Man thinketh in his heart, so is he."

Keep your thoughts on the idea that you are a "mental being" living in a "mental world" that creates out of itself that which it already is - your thoughts, ideas and beliefs about yourself. God gave man the freedom of choice - to think. To choose and think for himself! Begin today to choose what kind of life you want to live and then get about the business of living it. Don't live someone else's life - live your own! This is true freedom - to be whatever you want to be as you depend upon your inner integrity, upon the God within you, to express itself in that perfect, unique way that is you!

**FAREWELL TWIST--**Mark Erwin (left) of Pacific Grove and Walt Boyer, sales manager for Western Volkswagen in Seaside, compare notes on German pretzels at annual VW Youth Exchange Farewell Dinner. Mark and six other northern California teenagers left recently.

## Church Services

What is eternal Truth? This is a question to be considered at Christian Science church services Sunday.

"Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth," one of the Bible verses will state. The subject of the Lesson-Sermon is "Truth."

Supporting commentary from "Science and Health with Key to the Scriptures" by Mary Baker Eddy includes this citation: "Material sense does not unfold the facts of existence; but spiritual sense lifts human consciousness into eternal Truth."

Services at First Church of Christ, Scientist, Monterey, begin at 10:30 a.m. and are open to all.

Huge oaks grow down to the water's edge. Your children can watch deer come down to drink from the lake... see wild turkeys feeding... see quail, dove, chukar, ground squirrels living here in abundance - almost tame. Few people know Lake Nacimiento is just 10 miles east of Hearst Castle... 26 miles from Paso Robles. Now you can own (not lease) but own private property right on the North Shore of this big public lake. Oak Shores is the name of this private membership resort development.

## Lake Nacimiento

**16 miles of straight course skiing in California's most forgotten public lake. And thank goodness.**

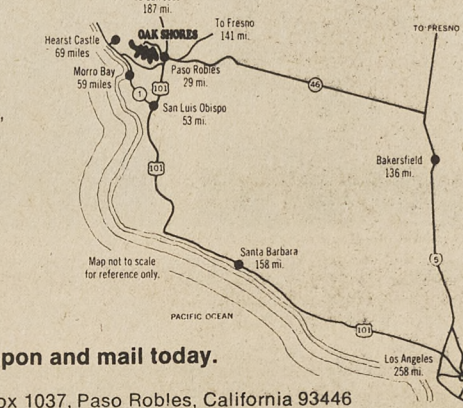

## Oak Shores Private Membership Lakeside Lots From...\$5500 Full Price.

Lot ownership at Oak Shores means that only you, your family, guests and other members are entitled to enter this secluded resort development and use its recreational facilities. The greenbelt, activity center, boat ramp, marina, parking areas, gate house and all recreational facilities will be owned and maintained by Oak Shores Community Association. The estimated assessment by the Oak Shores Community Association and the Ad Valorem Tax of San Luis Obispo County Service District #7 is approximately \$60.00 per year to cover the cost of maintenance of roads and recreational facilities.

The change, which will be put into effect over the next several months, is expected to upgrade IRS efforts in providing assistance information materials and other service to the American taxpayer, Harless said.

It involves the establishment of a Collection and Taxpayer Service Division to replace the present Collection Division.

The establishment of the new division within the district office complements a realignment of revenue accounting and processing, collection and taxpayer service activities under a new Assistant Commissioner for Accounts.

Collection and Taxpayer Service (ACTS) at the IRS Washington headquarters and a similar realignment under a new Assistant Regional Commissioner (ACTS) at the San Francisco Regional Office which supervises the Northern California District.

Harless cited the growing recognition of the importance of effective service to taxpayers as the underlying reason for the change.

Young men enlisting in the Army now may choose one of 14 Army Units--seven of them in Europe--before enlistment and be guaranteed assignment to that unit following initial training, the local Army Recruiting Office announced recently.

Or, the enlistee may simply request Europe and be assigned a unit there by the Army.
